AGENDA

1º Review of things created to date and discuss problems that have showed up

DEVELOPMENT OF THE MEETING AND AGREEMENTS

1. Review of things created to date and discuss problems that have showed up

During the meeting there was a discussion about how the sprint was going and the biggest problems that were encountered in terms of organization and development.

The main problems were on the coordination when doing push to the repository, problem of the database when doing tests and with the payment of PayPal

To this end, measures have been taken with respect to each of them, follow the Gitflow methodology, create a script to popularize the database and final decision to use PayPal to pay when registering.

It has also been decided to delay in the sprint some tasks of Thread to give time to perform other core tasks.
